BECAUSE ON THE INTERNET, YOU CAN LIVE FOREVER...

Caissa is launching our new quarterly event series, CAISSA Conversations, in March. CAISSA Conversations brings people together for an intimate forum that offers a review of a personal or financial topic and how it relates back to your life. Each quarter, we'll bring a new conversation to the table. Our inaugural event will be on one of the hottest discussions of 2014: **Digital Assets: how to protect your online identity and how to transfer it upon your death.**

Most of us set up estate plans for our investments, houses and retirement accounts, but we forget about our online identity. Our photos, music, social media posts, etc. are all part of your personal net worth and will live on as your legacy past your death if you don't plan for it. At this event, we'll discuss how you can direct control of these assets when you are gone.

We cordially invite you to attend and hope to see you there! Save the date, March 26. Watch for an invitation in your email!

We look forward to seeing you at your next meeting or at the CAISSA Conversation.
